

YOUR
Vespa Guarantee

Log Book

IMPORTANT:—

Inside you will find the Owners Guarantee and Log Book, and for your own benefit please read, complete and detach the Registration of Guarantee Card attached to this Book and return it by post immediately.

Until this card is received by our Guarantee Department, you will not be registered as the owner of this Vespa. Therefore it is to your advantage to ensure that this card is completed and returned immediately after purchase of this new machine. We feel sure that you will be interested in keeping this new machine at its best, and you should therefore always insist on genuine Vespa spares and Accessories.

You will also find your Instruction Manual for this new Vespa which again we would recommend you read fully.

Important to Purchaser
